50 Years ago - on June 7th 1967, the Israelis took back control of their historic capital of Old Jerusalem

This event marked a significant stage in the fulfilment of some remarkable Bible prophecies. For the first time for almost 2000 years, the site of Solomon's Temple and so much Bible history was back in their hands.

The Bible tells us that God chose the Jewish people to be a special nation. They were given His laws, they were given His land and, while they worshipped God faithfully, they were blessed, but these blessings also brought the responsibility of showing other people the benefits of following God's commands. If they failed to do this, God warned them they would be punished.

Unfortunately they failed. *"The Lord will scatter you among all the peoples from one end of the earth to the other"*, God had said in Deuteronomy 28:16. And so over successive centuries, the Jewish people were taken captive or

fled into other lands - especially in AD72 and AD135 after they rebelled against the Romans. But God had promised not to forget them: *"I will make a full end of all the nations among whom I scattered you, but of you I will not make a full end."* (Jeremiah 30:11). They would one day return to their own land: *"I will gather them from the farthest parts of the earth"* (Jeremiah 31:8). And when that happened, God would give them a king who will set up His kingdom on earth, the Lord Jesus Christ. So the return of the Jews to Israel is a fulfilment of many Bible prophecies and a signal that Jesus will soon come back to the earth. *"Then"*, says the apostle Paul, *"all Israel will be saved"* (Romans 11:26) and God's kingdom will begin.

This is powerful evidence that the Bible is more than an ordinary book! So find out more for yourself by coming along to our presentation on Thursday 15th June.
